

MeetWise

• AI-POWERED

Turn Meeting Time into Measurable Business Value

MeetWise helps teams understand the real cost of meetings and improve meeting quality with clear analytics and AI-supported recommendations.

WEEKLY MEETING HOURS AI ANALYZED

What MeetWise Does

1 Connects to Outlook

- Secure **Microsoft OAuth** connection
- Imports meeting metadata for analysis

2 Calculates Cost

- Uses duration, participants, hourly rates
- Trends by week, month, year, custom range

3 Delivers AI Insights

- Highlights low-efficiency patterns
- Prioritizes recs (**High / Med / Low**)
- Shows estimated monthly savings

4 Supports Team Action

- Clear view of total team meeting cost
- Manage load, priorities, optimization
- Team-level visibility and alignment

WHY AI MATTERS

MeetWise is **not just reporting**. AI detects patterns, ranks opportunities, and helps Team Leads decide where to act first.

TEAM LEAD VALUE

Monitor team meeting spend, identify waste patterns, and drive measurable optimization with shared, data-backed visibility.

Who It Is For

- Team leads and managers
- Operations and department leaders
- Organizations using **Microsoft 365 / Outlook**

Key Benefits

- Better cost visibility across meetings
- Faster decisions on what to keep, shorten, remove
- Reduced low-value meeting time
- Practical recommendations teams apply quickly

Typical User Flow

- 1 Sign up and create or join a team
- 2 Connect Outlook Calendar
- 3 Sync and review meeting cost baseline
- 4 Open AI Insights and prioritize changes
- 5 Track improvement over time

Security & Trust

- Secure authentication and access controls
- Encrypted handling of sensitive integration tokens
- Transparent Privacy Policy and Terms of Use
- Explicit legal consent capture at registration
